To Whom It May Concern,

It is indeed a privilege and a pleasure to have this opportunity to write on behalf of Kenneth E. Pribil of 87 Marlborough Court, Rockville Centre, NY.

Kenneth started with the Rockville Centre Parks and Recreation Department a number of years ago as a volunteer, assisting us in various youth programs and activities. It became apparent to me early on, that he was a very special and unique young man. He is an extremely motivated and responsible with maturity beyond his years.

In a short period of time, he proved himself to be such an intelligent and dependable individual, we hired him for our part time work force as soon as he became eligible.

He was assigned supervisory roles as a leader in our Summer Playground program where he interacted with elementary school children and their parents. Also, he supervised our outdoor tennis court operation with the responsibility of collecting fees, interacting with adults and court maintenance. He became one of our premier part time staff members.

As to Kenneth's academic commitment, his number one priority is always his school work, as is reflected in his most impressive and remarkable achievements of the International Baccalaureate program in his high school, sophomore and junior years, his induction into the National Honor Society and an officer in a number of high school organizations and clubs. His list of additional activities and volunteer work are endless. What has always impressed me about Ken, is his ability to balance his school work (always his main focus) with his extra curricular activities and work schedule.

Along with his maturity, he has developed strong leadership qualities which include excellent communication skills, ability to work with others, self confidence and adaptability. His strong points include a very calm and confident "take charge" presence which enables him to get along with everyone with mutual respect. He is an extremely loyal and trustworthy individual, takes direction well with a work ethic that is unparalleled in village government.

Through his character, strong sense of family and serious commitment, the high standards he sets for himself, I am confident that Kenneth will become a major contributor both academically and personally - along with being an outstanding credit to any college he plans to attend.

Sincerely,

Anthony J. Brunetta
